

"JEWELS OF RHYTHM" - Volume - III

This volume of Jewels of Rhythm offers divine flute and mellifluous violin with the added beauty to a Pallavi rendition in majestic Mohanam. This is taken over by the Percussion ensemble presenting the unique Sankeerna Chapu Talam with depth and elegance. All permutation and combinations have been worked out to bring out this rhythmic sequence - an excellence in itself.

The Side-I begins with Gajavadana in Sriranjani Ragam set to Adi Thalam. This is followed by Sobillu in Jaganmohini ragam set to Rupaka Thalam.

This is in its true sense a Jewel that the Ragam Thanam Pallavi in the Majestic mohanam set to the intricate and rare Sankeera Chapu Thalam and the Pallavi composed by Sri.T.S.Nandakumar has carried the fragrance to many music lovers. The same is continued on Side II followed by Laya Vinyasam

In addition this cassette has received the prestigious patronage of A.V.M. Audio Company.
